Dear Cor

I am happy to support the initiative of the Save a Life Calendar.

Life is a gift beyond all measure. Each human being, created in the image of god, has incalculable worth and dignity. Life is the most precious gift that is given to us on this earth, and it is our duty to love it, respect it and keep it from harm the gospel of life enjoins us to respect life both in the thousand and one things we do each day and in important family, political and legal decisions. By the many choices we make in favour of human development, we follow John Paul II's example in promoting the fundamental right of every human being: the right to life.

The project of the Knights is an important reminder of our core Catholic teaching.

Wishing you all the best, I remain,

Sincerely yours in Christ,

✠ F. B. Henry
Bishop of Calgary.
